SEARCH FEDERATION

SUSTAINABLE EXECUTIVE SEARCH

We know the leaders and executives
who lead the future of our planet.

WWW.IESF.COM

The International Executive Search Federation is one of the world's most recognized international executive search groups. Identifying talent and leadership in 80 offices and 20 countries, we are globally known as "The Local Experts" because we understand regional markets and their specific needs when it comes to executive recruitment.

RENEWABLE ENERGY IS THE FUTURE

We know the leaders and
executives of tomorrow

Driven by growing consciousness of global warming, high energy costs and the consumer's desire for alternative energy sources - the partners of the International Executive Search Federation - IESF - see an expanding need in this space worldwide.

From clients who are deploying more sustainable devices, to those who are bringing more energy-efficient processes to their global supply chains and launching carbon-trading mechanisms, the focus on sustainability is significant and enduring.
